## Fleet Interior Tank Cleaner

Fleet Interior Tank Cleaner is a highly concentrated and effective cleaner for the interior of tanks and vessels. This powerful formula can cut through many layers of soil with high pressure washing and soaking, eliminating the need to enter the tank. It is extremely effective in removing the most difficult-to-clean oil, grease and hydrocarbon-based deposits. Do not use on aluminum, magnesium, galvanized metal or fine painted surfaces. It is safe to use through a pressure washer and does not damage the high-pressure pump. This formula is phosphate-free and outperforms most competitive phosphate products.

### Benefits

- Reduce or Eliminate Brushing/Scraping
- Environmentally Friendly - Phosphate-Free
- NSF Registered Category Code A2 for use in Federally Inspected Food Handling Areas

**Dilution Ratio:** 1:30, 5 gallons makes 155 gallons

**To Apply:** Spray diluted solution on surface and allow to penetrate, but not dry. Apply detergent from the bottom up and rinse from the top down.

**Directions:** INDUSTRIAL USE ONLY. Read the Safety Data Sheet thoroughly before using this product. For general use, mix with water at a 1:30 dilution rate (pH 13.0 at dilution). For heavy duty cleaning, mix at 1:10. Less detergent is needed when applied with a hot water pressure washer. Rinse food contact surfaces thoroughly with potable water after cleaning.
